

Addendum to RFP CRG 21-001

The Request for Proposal (RFP) to build capacity for gambling-related clinical, prevention, and intervention services in the State of New Hampshire was posted on December 14, 2020.

Per the schedule stated in the RFP, section V. SCHEDULE OF EVENTS, states that answers to inquiries received by interested parties are to be provided by January 14, 2021.

The following questions were received from Odessa Dwarika, Director of Programs & Services at The Mass Council on Gambling and Health:

1. Could we add letters of support and bio's as an addendum *in addition* to the allotted word count for the Statement of Work and other required responses?

Proposers are allowed to submit appendix materials but such materials cannot be used to circumvent the word limits. Proposers should demonstrate their prior experience, knowledge, and qualifications within the 750-word limit.

2. Does the \$90,000 grant amount designed to cover 100% of all grant related expenditures, including items such as printing, salary, travel reimbursement, etc.?

Yes.

3. The grant reads: "Promote and service problem gambling helpline". Does this include answering the helpline 24/7, entering data into a database and running monthly or annual reports?

Yes.

Submitted on January 14, 2021.
